

Delivery guidelines

Software Engineering - 2008

- Final deadline for submitting the package is **November 30th, 2008**.
- All the materials must be submitted as a **single ZIP package** named SwEng_LastnamesOfAGroupMemberHere.zip) to: otekniikka_no@spam.tol.oulu.fi (remove the underscore and the words "no" and "spam" from the address)
- DO NOT deliver any DOC/ODT/RTF documents. Convert them to **PDF**. Important.
- Don't forget to attach the original Rose MDL/StarUML files and also provide "screenshots" of them in the documents.
- Package contents are listed on the next page
- If you have implemented any part of the software, contact me before the deadline.
- You can provide any materials you consider relevant: extra cases, diagrams, etc.
- Mainly, we will be checking the coherence of the solution you have provided
- If you have any questions/problems, contact me at victor.arroyo@oulu.fi

ps: if you need a grade (i.e international students, please let me know

Package contents

Software Engineering - 2008

- The package must (at least) contain:
 - A TXT file listing the names and surnames of each team member, student numbers and emails.
 - Weekly plan reflecting your work through the 8 weeks of exercises.
 - **Use case model**
 - **Functional/software requirements**
 - **Component diagrams**
 - **Class diagrams**
 - Test plan and results
 - Feedback for the course by each of the group members.
 - What would you change
 - Any ideas for next year?
- You can deliver a single document or separate files for each part of the assignment

+ documentation of each diagram
